CONTRACTING WITH HGS

The Small Business Administration's 8(a) Program provides a fast and efficient way to negotiate a sole source contract with HGS. As a Native Hawaiian Organization-owned 8(a), HGS is eligible to receive sole source contracts above the traditional 8(a) contract ceiling. This offers Federal government customers not only a highly valuable contracting vehicle that streamlines the acquisition process, but also greater capacity to satisfy core mission requirements. As per Section 823 of the 2020 NDAA, contract awards to HGS under \$100M may be accepted by the SBA for a sole source contract, without additional Justification and Approval (J&A) [FAR 19.808-1(a)] and are not subject to protest [FAR 19.813(a) and (b)]. This can dramatically decrease the amount of time between solicitation and notice-to-proceed. HGS can assist you in this process.
